M.Sc. Student | Operations Coordination & KPI Reporting | Supply Chain Analytics

PROFESSIONAL SUMMARY

M.Sc. student in Operations Research and Business Analytics with experience coordinating operations, maintaining ERP-supported workflows, and preparing KPI reports for logistics, financial, and cross-functional processes. Uses Odoo, Excel, Power BI, Python, Notion, and low-code automation to improve reporting visibility, workflow clarity, and team follow-up. English C1; German B2. Available for internships and working-student positions.

EDUCATION

Otto von Guericke University Magdeburg, Magdeburg, Germany

M.Sc. Operations Research and Business Analytics | 04/2022–03/2027

American International University-Bangladesh, Dhaka, Bangladesh

B.B.A. Operations & Supply Chain Management; Minor in Economics | 05/2017–10/2020

SELECTED ACADEMIC PROJECTS

Supply Chain Distribution Planning: Developed a logistics-planning model for optimisation, operational reporting, and data-driven decision support.

Benefits and Limitations of Group Scheduling: Developed NEH heuristics and compared scheduling strategies using makespan, setup time, machine utilization, flexibility, and Gantt-chart visualizations.

PROFESSIONAL EXPERIENCE

GenX Leadership Academy, Berlin, Germany (Hybrid)

Operations and Systems Coordinator Intern | 05/2026–07/2026

- Coordinated operational workflows, process documentation, structured reporting, and team follow-up in Notion across a hybrid environment.
- Used Notion, ChatGPT, Claude, Grok, OpenAI Codex, n8n, Microsoft Power Automate, and GitHub dashboards to streamline routine operational tasks and improve follow-up.

Antron Express Bangladesh, Dhaka, Bangladesh

Operations and Management Trainee | 10/2020–01/2022

- Planned logistics and budget requirements and applied Lean Management and Six Sigma to improve workflows, resource coordination, and order fulfilment.
- Supported Sales, HR, Accounting, Operations, and Project workflows in Odoo; maintained CRM/ERP records, invoices, client information, and communication logs.
- Prepared Excel and Power BI KPI reports for shipment visibility and management follow-up; coordinated tracking and partner communication, improving coordination efficiency by up to 15%.

South Bangla Agriculture and Commerce Bank, Dhaka, Bangladesh

Intern | 06/2020–10/2020

- Streamlined Excel-based monthly closing reports, tracked treasury benchmarks, and used Power BI to support financial planning and reporting accuracy.

Alesha Mart, Dhaka, Bangladesh

Human Resources Officer (Part-time) | 08/2017–05/2020

- Supported HR policy development, employee-record databases, Minitab performance analysis, training programmes, and employee-retention initiatives.
